HOW THE New War Conservation Order AFFECTS TELEPHONE SERVICE

To conserve vital war materials, the War Production Board has limited replacements or additions to existing telephone plant equipment.

As a result, some types of equipment and service normally provided by the telephone company will not be available to civilians as heretofore.

The order is expected to save many thousands of tons of vitally needed rubber, copper, zinc, lead, iron, steel and other scarce metals. Southern Bell is complying with the order by doing its utmost in every respect to achieve the desired result in saving materials. Within the limitations imposed by the order, the Company and its more than 27,000 men and women will continue in every possible way to furnish you dependable, efficient service.

We know that we may depend upon your wholehearted cooperation.

GLADES B & P W CLUB
(Continued From Page 1)
The newly adopted by-laws for temporary use until year books are printed for the fiscal year. Mrs. Nell Scullen, retiring president, presided and expressed the appreciation of the club for outstanding work done by

the finance committee which included Miss Phillips, Mrs. Ruth Barron and Mrs. Alma Farrow. A vote of thanks was also given Mrs. Lutz for her excellent record made by the Red Cross knitting circle of which she is in charge.

Mrs. Fay Greer, chairman of the Red Cross work room, announced that the county quota of 2,500 convalescent robes for soldiers is short and that she has a supply of these on hand. Also a limited number of other garments are on hand and volunteers are urged to come to the work center on Main street at any time of their convenience. Adequate cutting tables, sewing machines and other equipment have been installed and is now being used by various groups.

SPRING BEAN CROP
(Continued from page 1)
never be counted on to be disease free but often does well if planted and grown during a dry season.

Having planted a diseased seed stock, there is nothing the grower can do except hope for fair weather. There are no sprays or dusts which are effective since the bacteria causing the disease are within the plant and will not be affected by copper or sulphur fungicides. Growers sometimes like to spray affected fields with some nutritional spray. This may help if the disease has not made too much progress and further infection does not occur, but in most cases it would appear inadvisable to apply any materials to a field having serious amounts of bacterial blight.

South Bay Churches Observe Easter

The churches in South Bay observed Easter with messages by the pastors in keeping with the season and special programs.

The Baptist church presented their program Sunday night. The challenge to the Cross, The Evangel, Margaret Miller, Ruth Ratley the first disciple, Myron Mutchler, the second disciple, Lucille Barnes the third disciple, Emma Ruth Cook the fourth disciple, Harry Louise Mitchell the fifth disciple and Helen Ratley the sixth disciple. Mrs. F. W. Mutchler sang a solo, Mrs. E. F. Johnwick at the piano.

Mrs. E. L. Housley was in charge of the program at the Community church. Readings were presented by Marion Mutchler, Buck Cobb, Ralph Goodbread, Ruth Barstow and Carolyn Mutchler. Several Easter songs were sung and Mrs. F. W. Mutchler sang a solo. The Easter foreign mission offering eggs were opened and a collection of \$15 was voted to the mission field of Chungking, China, where Mrs. Loma Ruth Housley is stationed.

SAME AUTO TAGS TO BE USED NEXT YEAR

Florida plans to use the same automobile tags over again next year and thus save both metal and manufacturing costs, estimated at approximately \$25,000. Instead of purchasing new tags, motorists will simply receive a tab dated 1943 to attach to their present tags. The tabs would be so made as to fasten over the corner of the old tag that now carries the date "1942".

It is also planned to furnish motorists with a rear window sticker showing 1943 tax paid as an additional precaution in the event of loss of the metal tag. State Motor Vehicle Commissioner said.

SOIL SCIENTISTS TO DISCUSS THE GLADES AT MEETING APRIL 21

The Everglades, their vast resources, development and problems, will be the major topic of discussion at the meeting of the Soil Science Society of Florida in West Palm Beach on April 21. Dr. J. R. Neller, bio-chemist in charge of the Everglades Experiment Station and president of the organization, announced today.

History and present status of Everglades drainage, characteristics of Kissimmee-Everglades watershed, soils and geology of the Glades, surface water, conservation of soil and water, financing and taxation of the Glades, and current research will be discussed.

Besides Dr. Neller, speakers will include J. Mark Wilcox, Miami attorney and former congressman; Dr. R. V. Allison, Gainesville, State Experiment Station; Fred C. Elliott, Tallahassee, Florida Internal Improvement Committee; C. C. Schreiner, Jacksonville, U. S. Army Engineers; J. C. Stephens, Ft. Lauderdale, Soil Conservation Service; G. G. Parker, Miami, U.
